- "We here at Rylock Canterbury have used the IMS System coming up 3 years and I have no hesitation in singing its praise. We were using another major programme which didn't calculate relevant pay rates correctly or allow ease of processing of our Holiday Pays for our one year end shut down period."

Quote from Keri Facoory-Allen Rylock Canterbury

- "We have been a long term user of IMS Payroll, a health check on the payroll system was completed and this gives you confidence that the payroll is being processed correctly. When Shirley is due to visit our area we receive notification in case we want her to call to help with any problems or to give further training. A newsletter is emailed with lots of useful tips and tools. Help is just a phone call away."

Quote from Jill Rodgers Telford Rural Polytechnic

- "IMS is a easy payroll system that does everything we need in our business Shirley and the team at HHA are experts in what they do and are always able to help me with any problem (no matter how small)."

Quote from Cath Slee Firewatch South Canterbury
